

## REMEDATION AND REDEVELOPMENT (RR) NEWS FROM WISCONSIN DNR

June 30, 2004 (#2, Correction)

The original version of this item in the "RR News from DNR" contained an incorrect web address for the GIS Registry of Closed Remediation Sites.

### GIS UPGRADE COMING

This July the RR Program will update the GIS Registry of Closed Remediation Sites. After July 5, the database will be replaced by a new application, and users will be redirected to the new web location. The upgrade will maintain all the functions of the existing Registry while providing new features, greater reliability and more timely data. The GIS Registry is located at:

<http://gomapout.dnr.state.wi.us/org/at/et/geo/gwur/index.htm>. The Registry only contains information on closed sites with groundwater contamination remaining above ch. NR 140 enforcement standards, or soil contamination above NR 720 residual contaminant levels. For more information about the Registry, please contact Jane Lemcke at [Jane.Lemcke@dnr.state.wi.us](mailto:Jane.Lemcke@dnr.state.wi.us) or at 608-267-0554.

This listserv operates by self-subscription only. To subscribe send an e-mail message to: [majordomo@badger.state.wi.us](mailto:majordomo@badger.state.wi.us). Leave the subject line blank and type this in the body of the message: subscribe rr. To unsubscribe send an e-mail to the same address and type this in the body of the message: unsubscribe rr, followed by the e-mail address you originally used to subscribe. Be sure your signature block is turned off both to subscribe and to unsubscribe. An archive of the "RR News from DNR" is located at: [<http://www.dnr.state.wi.us/org/aw/rr/general/listserv.html>](http://www.dnr.state.wi.us/org/aw/rr/general/listserv.html)
